

**We need
YOUR input!**

**Madison County Public Library
Strategic Planning Sessions**

We're working on our new Strategic Plan for programming, collections, & service priorities for 2018-2021, and we have one big question on our minds:

What does a fully literate community look like?

We're talking literacy in a variety of areas: Civic, Financial, Health, Community, Cultural, Workforce, & Digital.

**Join the planning conversation as we dream big and
imagine outside the box.**

These community input sessions are open to all, & light refreshments will be served.
